

The Enchanted Star

New Mexico Section

June 2015

President's Message:

Fellow Members:

It is an honor to be elected President of our Section by your Board of Directors. They have shown a commitment to revitalize our club. Part of this revitalization is our new newsletter which I hope you enjoy. Your board has been working very hard to energize our membership and will continue to strive to make our club events more varied and enjoyable. Publishing our schedule of events in advance will allow you to consider club activities in your busy schedule. Please refer to our schedule of events in this and future newsletters and also on our website <http://www.newmexico.mbca.org/>

Our neighbor, the Mile High Section in Denver, will be hosting a regional event in Pagosa Springs, Colorado the weekend of July 31 through August 2, 2015 and I hope you will join us for a fun time.

Our first driving event will be to enjoy the beautiful New Mexico fall foliage of the Enchanted Circle in northern New Mexico the weekend of September 26th. Details will be forthcoming in our next newsletter, future email "blasts", and also on our website.

I look forward to meeting you at future events and if you have any suggestions, please contact me or any of your Board of Directors.

Let's have some fun!

Tony Martinez

In Memoriam

Cloyce Harrison passed away on May 4, 2015. Cloyce and his wife, Helen, were long-time members of the MBCA New Mexico Section. Helen passed away in 2004, but Cloyce remained a member until his death. He was a past president of the club, as well as a prior member of the board. We will miss you, Cloyce.

Mercedes Benz Vehicles Featured in Jurassic World

"In 1997 the Mercedes-Benz M-Class made its first official appearance in the Hollywood Blockbuster 'The Lost World: Jurassic Park'. Today, 18 years later, another Mercedes-Benz car will debut in a significant role in the latest installment of the groundbreaking *Jurassic Park* series named *Jurassic World: the new GLE Coupé*" says Dr. Jens Thiemer, Vice President Marketing Mercedes-Benz Cars. "We are delighted to continue our partnership with a multitude of Mercedes-Benz vehicles and will promote the film and our cars with many exciting global marketing activities."

The Mercedes-Benz GLE 450 AMG Coupé made it's film debut, showcasing its off-road capabilities. In addition, the movie has the G-Class (the patriarch of all Mercedes-Benz SUVs), the Unimog (cast as a dinosaur ambulance), as well as a G 63 AMG 6x6 and various Sprinter models.

"The fleet of Mercedes Benz vehicles fit perfectly into *Jurassic World*. They are classy, sophisticated, and sexy — exactly what would exist in a modern international theme park", says producer Frank Marshall.
